## TO CHANGE DATES OF INAUGURATION

Special Committee on "Date Change," Make Their Report.

By the Associated Press  
ST. LOUIS, Aug. 27.—The long period between the election of the President of the United States and his inauguration is "a serious evil fraught with much danger," according to the report of the special committee on the change in date of the presidential inauguration, presented today to the convention of the American Bar association, in session here.

The report recommends that the period be shortened, and that the short term of the old congress be eliminated. It, however, does not suggest any other date for the inauguration, explaining that March 4, has been recognized by the constitutional amendment as the date of inaugural. It adds:

"The committee, however, is of the opinion that it is the duty of this association representing the great body of lawyers of the country to call the attention of congress to those provisions of the law and of the constitution which are fraught with serious danger and which are liable to bring humiliation and disaster to the republic. It states that the period between election and inauguration is "liable to leave the administration in hands which have been discredited by a popular vote of want of confidence and that such a situation greatly weakens the prestige of the government both at home and abroad."

"The three months session of the old congress occurring after a new congress has been elected is also most unsatisfactory and serves as an opportunity for partisan activity for the worst kind."

## Train Riding Cost Advances, Hitting Interstate Travel

The high cost of riding rode into Ada at midnight Thursday night. It now costs 20 per cent more than it did yesterday to ride to any point outside of Oklahoma.

The new passenger rates became effective Thursday, affecting only interstate travel. The 50 per cent hike in Pullman fares also went into effect, and riding on the "push backs" is now a real luxury.

Ticket agents declared Thursday that so far the public was not buying to points near the state line and then rebuying, to save a few cents, but they expect this practice to go into effect unless the state corporation commission decides to allow the rate increases in the state. This is now considered unlikely.

No Action Today.  
OKLAHOMA CITY.—The state corporation commission took no action today on the application of railroads for increased passenger and freight rates on intrastate business to conform with those granted by the interstate commerce commission on interstate traffic. The commission yesterday considered evidence submitted by the railroads and it was indicated another conference would be held Friday.

## Brents Gets Huge Booze Cargo Just Out of Henryetta

One of the richest "booze" catches of the last few months was made yesterday just out of Henryetta by T. E. Brents, federal prohibition officer of Ada. A wagon and team, three men and a "collection" of whiskey, including one barrel, three two-gallon jugs and two five-gallon jugs of wine and two stills were caught by the officer single-handed.

The men gave their names as Marion Porter, Link Watson and Edwin Corie. They will be turned over to the federal authorities in Muskogee.

Notice, Masons.  
Ada Lodge No. 119, A. F. & A. M., will meet tonight at 7:30 for work in the Entered Apprentice degree. Visiting Masons welcome.—R. H. Gladwill, W. M.

"Troubles must be scarce with the man who hunts up those of his neighbor."

## SENATOR HARDING HAS CROWD PROGRAM TODAY

By the Associated Press  
MARION, Aug. 27.—Several important conferences, an afternoon trip to speak at Gallion, Ohio, and an evening reception here to Marion women in celebration of the grant of suffrage, were on Senator Harding's crowded engagement list for today.

## GOVERNOR COX MAKES ADDRESS

Charges Republicans Used Money in Effort to Buy Presidency.

By the Associated Press  
ON BOARD GOVERNOR COX'S SPECIAL TRAIN, Aug. 27.—Governor Cox today carried the democratic offensive, centered for the present on republican finance, into the east.

The democratic nominee indicated today that he would make further "exposure" of the republican campaign funds within a week.

Repetition of parts of the evidence he presented last night in Pittsburgh to substantiate his charges of a \$15,000,000 republican "corrupt fund," was planned today by the candidate at New Haven, Conn., and also tomorrow at New York.

Satisfaction with information given to back up his declaration of a conspiracy to buy the presidency, aided by funds from big business interests, was expressed by Governor Cox and his advisers today. That he would stand for the time being on subsequent developments in the senate committee's investigation, was stated by Governor Cox. He did not expect to present further evidence in New Haven today.

## NEWSPAPER REPORTER ACCEPTS NEW POSITION

By the Associated Press  
ATCHISON, Kans., Aug. 27.—Peter Donovan, twenty years ago a reporter on newspapers here and in Kansas City, has joined the staff of the London Times as a reviewer and special writer, according to advice received by relatives here. Donovan has been a member of the Toronto (Can.) Saturday Night for the last ten years.

## COMMERCIAL ART IS INTRODUCED IN SCHOOLS

By the Associated Press  
MADISON, Wis., Aug. 27.—Courses in commercial art have been instituted by the university of Wisconsin for the coming year. They have resulted from the increasing demand for instruction in vocational art.

## OLDEST VETERAN OF CIVIL WAR TO REGISTER

By the Associated Press  
CHERRYVALE, Kans., Aug. 27.—Moses McElroy, of Edna, Kans., is the oldest veteran of the civil war to register at the county of the southwestern Kansas reunion association in session here. McElroy is one hundred years old.

## BOY BANDITS MAKE CONFESSION TO POLICE

By the Associated Press  
CHICAGO, Aug. 27.—A confession of a plot to kill Charles A. Comisky, baseball magnate, and office force and police guard at the White Sox ball park box office on September 16, was made to police today by the three boy bandits, who were arrested yesterday in an attempt to get away with a \$40,000 pay roll of Wilson and Company.

## WALKER SAYS THAT NO DECISION IS GIVEN

By the Associated Press  
OKLAHOMA CITY, Aug. 27.—Art Walker, chairman of the corporation commission, told the Associated Press today, that there would probably be no decision in the petition of the railroad for an increase in the intra state freight and passenger rates to correspond with an increase recently granted by the interstate commerce commission, until next week.

## REPUBLICANS DENY CHARGE

Upham, Republican Treasurer Says They Are Innocent.

By the Associated Press  
CHICAGO, Aug. 27.—"Governor James M. Cox's schedule for republican campaign fund quotas in 51 principal cities is a phoney list which I never heard of before," Fred W. Upham, republican national treasurer, declared today on his return from New York. "Somebody must have played a joke on the governor," Mr. Upham declared.

"The republican national committee has never apportioned any quotas to cities," he said. "The only quotas assigned," he added, "were given to states, the money to be used for both state and national campaign purposes. Each state committee then apportioned its quota as it thought best," Mr. Upham said.

Denying charges that vast amounts had been collected, or were being collected, the republican treasurer exhibited a statement showing collections up to this morning of \$1,017,255.72, of which New York state including the city of New York, gave \$225,292.50, he said.

He reiterated the statement of Will H. Hays, that the budget planned for the national campaign totaled slightly in excess of \$3,000,000 and denied Cox's charges that he was planning to raise a fund in excess of \$15,000,000.

Cox's statement of alleged quotas on some cases assigned the entire quota for state and national purposes to a single city, and in other cases the amount credited to one city exceeded the entire state quota.

He cited the governor's figures for New York City as \$2,000,000 and said this was the quota for the entire state of New York both for state and national campaign purposes. The amount credited Chicago in Governor Cox's table, \$750,000, is more than the entire quota of the state of Illinois, he said.

"Governor Cox does not appreciate the difference between a quota and a budget," said Mr. Upham. "The quota is assessed on a basis of what we believe would be a fair share for each state and is placed high enough to allow for a large shrinkage in the amount actually obtained."

By the Associated Press  
NEW YORK, Aug. 27.—Will H. Hays, national chairman of the republican national committee, replying to the speech of Governor Cox in Pittsburgh last night in which the democratic presidential nominee sought to prove that the republicans were conspiring to "buy the presidency," declared that Cox had "such intimate knowledge of what millions in aircraft production during the war that he dreamed in millions."

By the Associated Press  
MARION, Ohio, Aug. 27.—Senator Harding declined to comment today on detail charges of republican campaign fund allotment made by Governor Cox last night in his speech at Pittsburgh. "I have read it hastily and haven't a word to say," said the republican nominee. "I don't expect to have anything to say."

A negative shake of the head was the senator's only reply to questions about the governor's declaration that the republican nominee personally knew of and approves the allotment enumerated.

## UNITED STATES ASKED TO APPOINT COMMITTEE

By the Associated Press  
WASHINGTON, Aug. 27.—The United States has been requested by the Servian government to appoint representatives to an allied commission to investigate the conflict between Albania and Jugoslavia.

## SPEAKING DATES FOR GOV. COX ANNOUNCED

NEW YORK, Aug. 26.—Gov. Cox's scheduled speech at Fargo, N. D., has been cancelled, the candidate speaking September 7 at Grand Forks, N. D., at 8:30 o'clock in the evening instead. Enroute to Grand Forks he will speak at Devil's Lake and Minot, N. D. Other dates:  
Sept. 8.—Havre, Montana. (Billings speech cancelled) 2 p. m. at Glen Falls, Montana.  
Sept. 9.—Noon speech at Helena; 6 p. m. at Anaconda; night at Butte, Montana.  
Sept. 10.—Spokane, Wash., state fair in morning.  
Sept. 11.—Tacoma and Seattle.  
Sept. 12.—Portland, Oregon, speaking at noon.  
Sept. 13.—At Portland.  
Sept. 14.—Boise City, Idaho, night speech.  
Sept. 15.—Pocatello, Idaho, 11 a. m.; Ogden, Utah, 4 p. m.; Salt Lake City, night.  
Sept. 16.—Reno, Nevada, at night.  
Sept. 22.—Phoenix, Arizona, noon.  
Sept. 23.—Albuquerque, New Mexico, night.  
Sept. 25.—Cheyenne, Wyoming, night.

## SUFFRAGE VICTORY TO BE CELEBRATED

Gov. Hobby Issues Proclamation Declaring Sept. 4 Holiday.

AUSTIN, Texas, Aug. 27.—So enthusiastic was Governor Hobby today over the promulgation by Secretary of State Coby of the federal suffrage amendment, making the same immediately effective, that he temporarily cast aside the business before him and issued a proclamation proclaiming Saturday, Sept. 4, as a holiday in Texas in celebration of the great forward step, and calling upon the people of the state to suspend their labors on that day and "honor the indomitable spirit of American womanhood."

Governor Hobby claims for Texas "the credit for leading the way and making it possible for 17,000,000 women to vote in the general election of 1920, and to cast their first ballot at a crucial time in the nation's career, when vital democracy is measuring strength with conservative, reactionary forces to determine whether the nation will take its place of leadership among all the nations, won through the combined efforts of its men and women in a world war, and to determine whether humanity and human life shall be placed above political expediency."

Governor Hobby declares that "suffrage for women signifies the solution of problems, not the multiplication of them," and as a tribute to those who made victory possible, suggestion is made by the Texas executive that the citizens of every community, every city, every town and village in the state, observe Saturday, Sept. 4, with such exercises and ceremonies as may be deemed appropriate.

## BE WHAT WE ARE

The world holds nothing in store but contempt for the man who tries to hide his real self. His patronage is repulsive and his flattery is scandalous. He is a misfit in any crowd. The hypocrite who puts on a front that he is upright and then deliberately does evil in underhand ways is more unworthy than the man who does evil openly. Certainly the man who does evil in the open is not to be praised but he is more honest; than the one guilty of hypocrisy.

Now by all means we should try to blot out the evil tendencies in our lives. There is a difference between trying to overcome evil and trying to cover up foul actions with hypocritical actions. The difference is that the one who is trying to overcome evil is trying to perfect his life while the hypocrite is not trying to live better but simply trying to "stand in" with two or more sides.

It should be our utmost endeavor to live down evil in our lives, but, at the same time, let us be honest in our efforts. Let us perfect the talents that are ours by nature and be ourselves only. o.v.m.

## COX DISCUSSES CHARGES MADE

Tells Newspaper Men That New Leads Will Come Next Week.

By the Associated Press  
NEW YORK, Aug. 27.—Pausing here for scarcely more than an hour on his way from Pittsburgh to New Haven, Governor Cox conferred with party leaders on the effect of his speech in Pittsburgh last night, in which he gave information regarding the charge that republicans were raising \$15,000,000 fund to buy the presidency.

Then just before his train pulled out he received newspaper men. When asked if he would press his charges, Governor Cox replied, "Yes you will have new leads in a week, I think."

Referring to an announcement from Will H. Hays, chairman of the republican national committee, that individual campaign contributions would be restricted to \$1,000, Cox said, "Mr. Hays knows that such a statement is not true. The method used by the republicans are to get some big fellows to give twenty to twenty-five thousand dollars, after which nineteen to twenty dummy names are written down as contributors on the party book."

Governor Cox said that if the senate committee investigating campaign funds really wished him to lay before it the charge, he would do so.

By the Associated Press  
NEW YORK, Aug. 27.—Replying to Hay's statement, George White, chairman of the democratic national committee said:

"The mask is off. The plan is obvious." Cox has rendered a distinct service to the country. It is up to the senate investigating committee to make a public announcement of the information and figures which Hays and Treasurer Upham have. Information given before a republican investigation committee will only serve to emphasize the fact which Governor Cox has already called to public notice."

## POLES AND RUSSIAN TROOPS FIGHT HARD

By the Associated Press  
LONDON, Aug. 27.—The Poles and Russians are fighting fiercely for the forts of Brest-Litovsk, the strongly fortified town on the Bug river, 120 miles east of Warsaw, says a Russian soviet official statement of Thursday received here by wireless today. In the Lemberg sector violent fighting is continuing with fluctuating results, the statement adds.

By the Associated Press  
WARSAW, Aug. 27.—General Tuchatschewski, known as the "soviet Napoleon," has been relieved of his post, as commander-in-chief of the bolshevik army on the Polish front, because of his failure to take Warsaw, according to information from prisoners being brought here.

Leon Trotsky, bolshevik minister of war has personally taken command of the army, it is reported here by bolshevik officers.

By the Associated Press  
WARSAW, Aug. 27.—Russian soviet troops, who took refuge in Prussia after fighting the Poles along the frontier, and official statements issued just before midnight last night, say that two soviet batteries hauled into Prussia by retreating Russians fired upon the Poles and that soviet forces are also using machine guns on this sector. Polish troops, who have reached the frontier have been cautioned not to fire upon German territory.

## LORD MAYOR OF CORK IS STILL LIVING TODAY

By the Associated Press  
LONDON, Aug. 27.—Terence MacSwiney, lord mayor of Cork, today began his fifteenth day of his hunger strike in much the same condition as yesterday. He was weak this morning, but was conscious and able to speak a little. It was said that Mayor MacSwiney might have lived another week if his lungs had not been attacked as a result of a previous illness.

The Amazon and its tributaries have 50,000 miles of navigable water.

## MAJORITY OF WALES PEOPLE WANT STRIKE

By the Associated Press  
LONDON, Aug. 27.—Balloting today shows a large majority in Wales for a miner strike, but in some parts of the country adverse votes were recorded. Indications are, however, that the strike will be voted by the necessary two-thirds.

## GARNER REPLIES TO CITY MAYOR

Says Kitchens Makes False Statements Relative to City Estimates.

To the People of Ada:

In yesterday's edition of the Evening News I note a letter from Mayor Kitchens addressed to the people of Ada concerning the reduction made by the county excise board in the mayor's estimate of money needed for the operation of the city government. Some of his assertions are so erroneous and so unfair to the excise board, that I feel that the real truth should be published. In order that the people of Ada may know the truth and to keep the record straight, I submit the following facts.

The city commissioners asked for more money than can be raised under the law. They asked for about \$18,000 more than the maximum tax levy will raise. We gave them every penny that can be raised under the highest tax rate possible under the law. The mayor's desire for money and the law of Oklahoma were in direct conflict, and we had to follow the law. That's all there was to it. The mayor was told by Commissioner Jones before their estimate was submitted to the excise board that the amount asked for was larger than could be raised under the law and the mayor knew when the estimate was submitted that it was excessive and would have to be cut about \$18,000. Yet he persisted in submitting the estimate and now blames the excise board because it enforced the law. Possibly he does not understand that the laws of Oklahoma take precedence over the wish of the mayor of Ada.

The mayor's assertion that his department "is the only one cut to pieces," and that "the other departments were given practically what they asked for" is best answered by the figures. We reduced the estimate of Commissioner Smith exactly \$9,900. Commissioner Jones asked for only \$1,325, and we cut his estimate to \$325.00. We cut the estimate of the mayor \$8,437.25, or \$1,462.75 LESS than we cut the estimate of Mr. Smith. Yet the mayor tells the people of Ada that his department was the only one cut to pieces. He either knew that his statement was wrong or he didn't know what he was talking about.

Of course everyone agrees that the city policeman should be paid a decent wage, but when it is impossible to raise the money under the law, what are you going to do about it?

It is true that we eliminated the appropriation for an automobile for the mayor's department, but the governor of Oklahoma has never been provided with a car at state expense, and we have never heard that weeds grew up to the top of the statehouse because the governor had to pay for his own car. A motorcycle ridden down Main by the mayor of Ada would furnish fine entertainment for our citizens, but we couldn't provide for one and stay within the law. The excise board chose to obey their oath of office rather than violate the law in order to see the mayor become a motorcycle performer or receive an automobile at public expense. There are too many wheels in the mayor's office as it is.

The mayor fails to tell the public that the excise board pruned the estimates for their own offices just as they did the city offices. The reason the reduction in the mayor's estimate is larger than those in most of the county offices is that he asked for more money than they did. He fails to tell the public that he asked for as much money to run his department as was asked for to run the district court, county court and sheriff's office combined.

As for the action of the excise board precipitating a reign of lawlessness and causing the weeds to grow to the rooftops, we fail to understand why the weeds grew house-top-high months before the estimate was ever submitted. Inasmuch as property owners them-

## SHORTAGE OF CARS IS BLAME

Bulletin Issued From Tenth Federal District Shows Less Shipping.

By the Associated Press  
KANSAS CITY, Aug. 27.—Car shortage is blamed for curtailment of activity in a large number of lines of business in the monthly bulletin of the tenth Federal Reserve district, issued today. Decline in grain shipments as compared to last year, is ascribed to car shortage; car shortage is held responsible for decreased shipments of livestock; "a very complete curtailment of production" of lead and zinc ores is held to be the outcome of an acute car shortage, and a decrease of 36 per cent in building operations in July 1920 compared with July, 1919, is also blamed upon car shortage. Retail merchants report continued slowness obtaining merchandise for the same reason and manufacturers assert that because of car shortage they are unable to handle either raw materials or finished products in a satisfactory quantity.

"The recent order of the interstate commerce commission authorizing increased freight rates," says the bulletin, "is regarded as a move in the direction of permanent improvement of the crippled railroad service."

Improvement of the system of transportation to a state where the output of farms, mines, oil wells and factories and merchant's goods and wares may be handled expeditiously is regarded as America's greatest present task.

There are many evidences, it is asserted, that liquidation of loans has set in, particularly throughout the wheat district, and this liquidation is expected to become heavier during September.

Wholesale dry goods houses, the report states, are placing few orders, there being a general expectation of lower prices and reluctance to buy heavily at present prices.

Agriculture is reported to be in exceedingly satisfactory condition. July was, generally speaking, and exceptionally good month, in spite of a need for rain toward the close of the month in many parts of the district. The wheat crop, according to the report of the bureau of crop estimates is expected to be approximately 261,226,000 bushels in the tenth district, as compared with a final estimate of 300,994,000 bushels in 1919. Many well informed experts insist, however, that final threshing will bring the yield very close to last year's total. Corn has been growing so well as to make accurate estimates almost impossible, is added.

"All in all," declares the bulletin, "the reports now show that 1920 is one of the best, if not the very best, crop years of history and that the tenth federal reserve district ranks first among the twelve federal reserve districts of all the United States in production of hay and wheat, second in corn and third in oats."

Movement of grain to the markets is reported greatly reduced in volume as compared with one year ago. Wheat receipts for July, 1920, were about 50 per cent of the volume of July 1919 in Kansas City. At Omaha, St. Joseph, Wichita and Oklahoma City receipts this year are less than 40 to 60 per cent. Car shortage is to blame.

In the oil industry, it is reported that intensive drilling in Kansas and Oklahoma fields is bringing increased production. The increase in these two states in seven months of 1920, as compared with the corresponding period of 1919 is 15,181,759 barrels.

A "very complete curtailment" in lead and zinc production at the beginning of July followed by resumption of work by 75 per cent of the mines with one shift a day is declared to have been healthful for the industry, inasmuch as it helped to adjust the labor situation and bring production down to the average weekly shipments.

Respectfully,  
MILTON GARNER,  
County Clerk.

## WEATHER

Tonight and Saturday unsettled; probably showers in east and central portions.

## THAT IS HONOR ENOUGH

Lincoln was one of the greatest of the presidents and accomplished many things of great moment, but today he is known chiefly as the president who saved the republic in the days of war between the states.

Woodrow Wilson has been one of the greatest presidents and has accomplished many things of great moment, but fifty years hence he will be known only as the president who safely conducted his country through the greatest war of modern times.

Wilson is being criticised today as few public servants have ever been criticised and almost every official act of his has become anathema to the party that opposes him. Even the glories of victory are forgotten as partisans assail the inevitable mistakes of war. The unexampled exploit of conveying two million men in safety across a death-strewn ocean is forgotten in the excitement of assailing the unexampled expense of the voyage.

But fifty years hence everything concerning the war will have been forgotten except the deathless valor of American soldiers and the glory won on fields of war. Orators will no longer denounce the cost of the conflict in the unmeasured rhetoric of a partisan campaign. The congress of a thousand puerile investigations will have passed into the limbo of forgotten things.

Then the nation will have only words of praise for those who marched to battle and for him who led the republic in the greatest war that ever reddened the planet. Then the sons and daughters of America will praise Woodrow Wilson as today their fathers and mothers praise the memory of Abraham Lincoln.

Not one of those who now defame the president of this republic will be remembered fifty years from now. The president himself will never be forgotten.

If the population of McAlester penitentiary had their way about it, we would have no governor in Oklahoma except "temporary" ones.

Being the mother of presidents no doubt has its advantages but all signs indicate that Ohio is in for the biggest family row that she ever saw.

Last week the press was filled with quotations from the editorial columns of the Marion Star. Everything naughty that Senator Harding has published during the past ten years has been reproduced by the opposition papers. Next week we shall see a run of quotations from the Dayton News. Everything naughty that Governor Cox has said since he began to write copy will now be reproduced. Both candidates are real lucky in having an editor for an opponent.

The king is dead: long live the king. When the convention assembled at San Francisco Woodrow Wilson was the acknowledged head of the Democratic party. When that convention adjourned the sceptre of the Jeffs and Jacks had entirely passed to Cox of Ohio. The voice of Wilson has long been the only voice of the Democratic council house. It still rings with a powerful challenge, but it now takes second place to the directive voice of the man from Dayton. Heretofore the man in the White House has been consulted first. Henceforth for a season the Buckeye governor will be consulted first. There has been a change at the council table and a new face is seen and a new voice heard at the head of the table. Thus the wheels of time continue to turn and the old gives way to the new. The king is dead; long live the king.

As the ancient Jews were fond of saying that no good thing could come out of Nazareth, so the modern republicans can well say that for them no good thing could come out of California. The voice of the Golden Gate first became portentous for the G. O. P. way back in 1912 when one of two strong men came out of the west to denounce the "porch climbers and dark-lantern men" of their party. Then in 1916 a belated voice came from across the mountains carrying with it a death message that has not yet been forgotten. Now again in 1920 the voice of the west comes on an ill wind to the Republican party. The ancient party of Thomas Jefferson is once more militant. Assembled amid the chaos of conflicting ideas and depressed with the fear of unexampled defeat the clans of Democracy gave no promise of a threatening battle when the idea of November should come. But from that unpromising convention has come a battle call to the hosts of Democracy that is heard throughout the nation. The fighting spirit has come again to the Democratic party. And from every precinct of this republic there rises today the slogan of the Buckeye delegates at San Francisco: "Jimmie Cox will win or know the reason why."

## Filing Time for County Candidates Expired Saturday

Time for filing as candidates in the August primary expired Saturday night and the several county tickets are now complete. At least there will be no more entries in any of the county contests. Several of the present county officials have no opposition in the primary and will be renominated without a contest. These are County Attorney Wadlington, Assessor Heard, Treasurer Swaffar and Weigher Ward, Superintendent Floyd and Surveyor Harbert.

Only one Socialist filed for a county office. This is R. W. Lillard of Ada, who filed for sheriff. No republican filed for county judge or county attorney. There will be no contest in the republican primary, a there is only one candidate filed for each office.

The following are the democratic candidates for the various offices. County judge: Tal Crawford and T. P. Holt. County Attorney, Wayne Wadlington. Sheriff: Bob Duncan, John Rawls, and Barney Selfridge. Court Clerk: Luther Franklin and Jesse M. Bell. County Clerk: Joseph Anderson, John Flowers, Jessie Rogers, Rit Erwin, and B. V. Hampton. Treasurer, D. W. Swaffar, Assessor, N. T. Heard. Superintendent, A. Floyd. Surveyor, B. C. Harbert. Weigher, John Ward. Commissioner 1st district: John Edwards, H. Clay Stephens, and F. O. Harris. 2nd district: J. I. Laughlin and J. D. Gaar. 3rd district: J. D. Pace, W. H. Brents, and Oliver Taylor.

The following republicans have filed. G. H. Priest for court clerk, T. E. Miller for treasurer, W. L.

Johnson for sheriff, R. W. Small for county clerk, E. J. Merritt for assessor, and Miles Conner for weigher. The candidates for commissioner are W. A. Leonard, William Van Zant, and Lon Brandon, in the first, second and third districts, respectively.

## Fifteen Years Ago

From the files of The News of July 8, 1904, Ada, Indian Territory:

Ada will play Ardmore Indians three games of ball, beginning tomorrow.

The William L. Byrd Camp No. 1554 of ex-Confederate veterans met in the U. S. commissioner's office on July 3 at 3 o'clock. Meeting called to order by Capt. Sam Hargis. Miss Nettie McElreath was elected sponsor and Miss Elsie Russell was chosen maid of honor for the camp.

Japs forbid publicity and operations are veiled. Fleet of Admiral Togo is on patrol night and day.

Robert Wimbley says it sure rained hard at Stonewall yesterday. He saw very fine crops of corn in that section.

Miss Eris Manning is very ill with typhoid fever.

Miss Anna Carroll has returned from a trip to points in Mississippi and Tennessee.

Ada Browns lose game to McAlester. Score was 5 to 2.

J. F. M. Harris brought a freak from his garden to the News office this morning in the shape of a cucumber, or rather, the vegetable looks like three cucumbers in one, triplets, as it were.

Mrs. Governor Johnson and daughter, Juanita, of Emmet, are the guests of Mrs. J. F. McKeel.

Griffin O'Neal of Dallas, Texas, and engineer of the Ada waterworks system, arrived here today. The first shipment of material for the waterworks will arrive about the 25th.

J. S. Armstrong returned this morning from a business trip to Bebee and Center. He reports an abundance of rain and excellent crops.

## Children Are Burnt With Concentrated Lye Here Yesterday

Joe and Elizabeth West, son and daughter of Mr. and Mrs. Joe West of this city were seriously burnt yesterday afternoon while playing with a can of concentrated lye.

It seems that the children had obtained the lye from the one and were trying to mix it with water to make it "smoke," and in some manner both children were saturated with this chemical.

Attending physicians state that

they will recover and reports from the home this morning are to the effect that they are considerably improved.

Of English invention are machines for making briquets from the borings of brass or cast iron at a speed of four tons an hour.

## Was it a Miracle? NO OSTEOPATHY

Cured the Queen of Spain's Deaf and Dumb Son

After 12 years' hopeless efforts of the best doctors in all Europe, a London OSTEOPATHIC PHYSICIAN restores the bones in the Prince's neck to normal position and the royal deaf mute became a normal child.

It sounds like fiction but read on.

## The Facts

In this remarkable case as given two weeks ago in the Sunday Inquirer, shows that Prince Jaime, born deaf and dumb twelve years ago, and regarded as hopelessly incurable by every great specialist the world over, has at last received the priceless gift of hearing and speech.

Dr. J. Johnston May of 7 Park Lane, London, West England, who gave hearing and speech to the Prince is an

## Osteopathic Physician

This remarkable case proves again that OSTEOPATHY is a distinct advance over the older schools of practice.

Every week in these United States thousands of difficult cases of every kind are restored to normal through

## Osteopathy

More than half of all the people have something wrong with some part of the spine or back bone, which must be adjusted OSTEOPATHICALLY before the suffering it causes can be stopped.

You have the same opportunity in Ada as you would have in London, to be relieved of suffering, be it chronic or acute.

I have just recently returned from attending the National OSTEOPATHIC Convention at Chicago, where many new ideas were advanced and discussed along the lines of OSTEOPATHY.

MARY AND HER LITTLE LAMB

Here is Mary up-to-date, and her little lamb. Note that its fleece is no longer "white as snow." Observe also that Mary has on just enough of a bathing suit to satisfy the law—not a stitch more.

NATIVES RUN AT SIGHT OF CAR

Fright Then Gives Way to Admiration; Celebration Follows.

"We drove into the outskirts of town about 5:30. Natives who had never seen an automobile came to the doors of their huts, took one look, and at once disappeared."

Contrary to the natural supposition, the foregoing paragraph is not an extract from a diary compiled by some explorer of twenty of thirty years ago, when four-wheeled vehicles were first beginning to be propelled by engine power. It is a paragraph from a letter written in the year 1920 concerning an incident that occurred in 1920, on the North American continent. It continues:

"As we drove down the main street of the town, curiosity overcoming their fear, children in increasing numbers ran along beside us, cheering and clapping their hands."

To be more specific, it is part of an account of the arrival of the first automobile in the town of Tantoyuca, state of Vera Cruz, Mexico. The car was driven by Frank B. Van Horn, chief geologist for the U. S. Geological Survey, and was accompanied by two other geologists, G. H. Shelton and Richard Bryant. The trip was made in a Dodge Brothers touring car.

Tantoyuca is a little city about 75 miles from the Gulf coast and 60 miles from a railroad. It is in a rather mountainous country, with steep hills in many instances covered with large boulders, making the roads almost impassable except for pack animals.

"Up to the time of our trip," Mr. Van Horn says in his letter to Dodge Brothers, Detroit, "no attempt had ever been made to get an automobile into this territory, but we had gone to within 12 miles of Tantoyuca with our Dodge Brothers car and believed we could, with very little road work, go the rest of the way. On March 23, we left Tampico and drove 70 miles to Comales, where we passed the night and the next day we encountered real difficulties, having to use an axe, pick and shovel and even a block and tackle in getting across canyons and holes. Wherever it was at all possible for a car to get a foothold, we went along without trouble. In one place it was necessary for the car to pull up a rough slope of 40 degrees, which it did easily."

Many similar experiences preceded the triumphant entry into the isolated town which took place the second day of the trip at 5:30. Mr. Van Horn's account of the celebration which followed the first timid reception by the natives is especially interesting.

"We drove to the hotel, a large, typically Mexican house, with high ceilings and a large patio filled with flowers and shrubbery," he writes, "Dona Feliciano S. Vidua de Herrera stood in the doorway and welcomed us in great delight. She said she was proud to get the first automobile into Tantoyuca to stop at her house, and proved it right royally in kindly attentions showered upon us."

"After refreshing ourselves we returned to the car, and, in relays, took for a ride about the city all the children who were not afraid to trust themselves to our care. We did not confine ourselves to the children entirely but in the course of the evening took various prominent citizens for a short ride. I believe we derived more pleasure in their happy comments than did they in their first automobile ride. No fear of collisions in Tantoyuca.

where not even carts are driven. The only vehicle ever in town was a buggy brought in, knocked down on backs of mules, and it has long since given up its struggle. So we could drive with no fear where turning signals had no meaning.

"We retired about 10:30 in good beds, and slept the sleep of the weary. In the morning we again took children for drives, and took all that cared to try until one o'clock, when Dona Feliciano called us to dinner. And such a dinner—soup, beef, chicken, fruit, frioles, not forgetting wine, and coffee with an orchestra playing Mexican airs while we ate."

"After dinner we took the orchestra in the car, insisting that they play during the entire ride about the town. They enjoyed it immensely and fulfilled their part of the bargain."

"When we returned to the hotel the little girls whom we had taken for rides had come in with armfuls of flowers which they presented us, and as we prepared to start on our return trip they hung garlands of roses on the car."

"The city officials called on us, enjoyed a ride about town, and had a notary public take a record of the names of our party, make of the car, license number, etc., and inscribed it in the historical record of the city. We began our return trip at 3:00 p. m., reaching Comales at 6:30. I should also add that Dona Feliciano would not accept a cent in payment for our expenses in her hotel on this trip, insisting that it was 'her party.'"

WILL STUDY GASOLINE AT SOCIETY MEETING

By the Associated Press  
CHICAGO, Aug. 27.—New ways of obtaining gasoline, including the extraction of it direct for natural gas, will be described at the sixteenth general meeting of the American Chemical Society, opening here September 6, it is announced.

How more power can be obtained for the derivatives of petroleum forms one of the important subjects of discussion. Dr. A. C. Fieldner, (supervising chemist of the chemical section of the Pittsburgh experiment station of the United States bureau of mines, and his associates, A. A. Straub and G. W. Jones, have prepared an elaborate report on "gasoline losses due to incomplete combustion in motor vehicles." It will be shown, the society reports, that the automobilist can get far more power out of a given quantity of gasoline than he has been accustomed to obtain.

Another paper to be given in the fuels symposium describes how artificial gas can be produced in larger quantities and at lower cost by enriching it with natural gas in regions where that vapor is available. Utilization of the large deposits of lignite in this country as a substitute for coal will be discussed.

In the cellulose symposium a number of speakers will discuss the paper famine and suggest methods by which production can be increased by conserving woodpulp supplies and also by employing new substances in the paper manufacture.

Much time will be given to discussion of the production of sugar in the division of sugar chemistry. A new source will be indicated by Charles A. Gamble in his paper entitled, "The Sugar Industry of Peru."

MINERS AND OPERATORS AGREE ON WAGE SCALE

By the Associated Press  
CHICAGO, Aug. 26.—Illinois coal operators and representatives of the miners today agreed on an increase of \$1.50 for 40,000 miners in the state. The men asked a \$2.00 increase, but agreed to the compromise.

Syrians regard pickled grapes as a great delicacy.

BAR ASSOCIATION COMMITTEE REPORT

National Aspiration Should Be Satisfied by Efficient Justice.

By the Associated Press  
ST. LOUIS, Aug. 27.—The drift of the law is towards "uncertainty, confusion and variation," according to the report of the committee on reclassification and restatement of the law, submitted at today's session of the convention here of the American Bar association. The committee suggests that a simpler recodification of the law be effected and that the laws in the various states be more uniform.

"Our natural aspiration," the report asserts, "should be satisfied by nothing short of leadership, not by the power of our financial and industrial resources of our military strength, but by reason of the excellence of our institutions, our laws, and the efficient administration of justice. A certain and uniform system of law for a country so large in area and so divided as to government can be attained only through making plain by visible expression with the greatest attainable certainty, simplicity, completeness and order the great system of law which has been developed but which has been inadequately expressed in this country."

The report emphasizes that a clear understanding of the laws of the several states is particularly essential now because of increasing interstate commerce.

"The possibility for improvement of our law cannot be overestimated," continues the report. "The causes for the confusion and uncertainty of the law and the responsibility for them are matters which are relevant to the means which may be taken to improve the law."

"Of these causes it may be remarked that in a complex and progressive system of law there is a natural tendency (in the absence of counter influences) to confusion and uncertainty and, in a country composed of so many states with a large number of independent courts and with no court of ultimate decision as to a large part of the subjects of litigation, this tendency is increased."

"One of the counter influences is the existence in all the states of identical institutions and the same system of fundamental principles called the common law, but under the conditions which exist the principles of this theoretically identical law have themselves become less certain and definite and more varied and contradictory."

ST. LOUIS, Aug. 27.—Prompt enactment of the bill submitted to the last session of congress to empower the United States supreme court to make uniform rules for federal district courts designed to simplify procedure in such courts and promote the speedy determination of litigation on the merits of cases, was recommended in the report of the committee on uniform judicial procedure, submitted to night to the American Bar association, in convention here.

The report declared the regulations to be made by the supreme court under the bill should "embrace all the merits and none of the vices of both the 'common law' and 'code' pleading."

Enactment of the bill, the report continued, would result in promulgation by the supreme court of a "simple, scientific and correlated system of rules, which will prove an attractive model for the states to adopt for their courts." According to the report, the bill would lay the "foundation for fixed interstate judicial relations as permanent and correlated as interstate commercial relations."

The committee on admiralty and maritime law, in its report also submitted tonight, recommended that laws for navigation of the air be held in abeyance until airplane traffic becomes more popular.

The report said the committee "did not believe that any body of men are as yet gifted with sufficient foresight to enable them to work out a set of rules of navigation for airplanes."

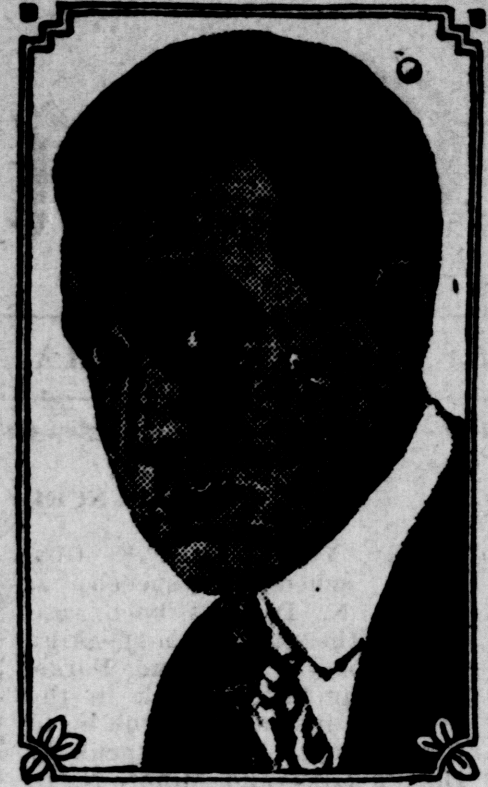

Preparation of a revised draft of admiralty rules to serve as a basis of consideration by the supreme court has been completed, according to the report.

LONG SCHOOL TERM IS GREATLY OPPOSED

By the Associated Press  
TOPEKA, Kans., Aug. 27.—"How long school keeps" is a much more vital problem to Topeka youngsters than the tide of the battle between the Poles and the Russian soviet army along the Bug river.

Just at present the outlook is quite gloomy. The board of education has ruled that public schools must open September 6, as planned under the proposed ten months school year inaugurated here, despite the protest of eight hundred citizens who are opposed to the plan and presented a petition demanding a nine month's program.

Holland in 500 years has reclaimed more than 1,000,000 acres from the sea.

WILLIAM DUNCAN

It is only natural that William Duncan should be the hero of hundreds of thrilling escapes and strenuous rescues in Vitagraph's famous serials. His physique and early training particularly fitted him for just such a career. He completed his education at the University of Pennsylvania, where he took a prominent part in college field games and athletics. He became athletic instructor and toured the country at the head of his own dramatic company before becoming a serial star and director.

BOUNDARY SUIT IN SUPREME COURT

The Greatest Legal Battle in United States Will Develop.

By the Associated Press  
AUSTIN, Texas, Aug. 27.—One of the greatest legal struggles the United States has ever known will develop from the Texas-Oklahoma boundary suit now pending in the United States supreme court, according to C. K. Taylor, Texas assistant attorney general. The United States, Oklahoma and Texas claim jurisdiction over the lands involved.

None of the factions in the three cornered fight is advancing claims for definite bodies of land this early in the struggle. In a general way Oklahoma claims that the south bank of the Red river as it flowed in 1819 when the treaty between Spain and the United States fixed the boundary between their respective holdings is the line. The United States supports the Oklahoma contention where Indian lands are involved and claims jurisdiction over these lands. Texas contends that the center of the present river bed is the boundary.

These conflicting claims leave the title to a strip of land along the meandering of the river for at least five hundred miles in doubt. Only the length of the strip is definitely set out in the claims. Its width varies from a few feet to several miles.

Texas will first contend for the middle of the river as the boundary, Mr. Taylor said, and if it loses this fight, will claim the ordinary high water mark of the present river as the south bank. Every foot of the land south of the high water mark on this side of the river will be contested. If Oklahoma's claim that the river has shifted north in places since the treaty was signed is allowed, he continued Texas will ask that Oklahoma be required to prove every shift of the river which allows encroachment upon soil now held by Texas.

In rebuttal, he added, it is possible that Texas will attempt to prove that the river bed has shifted south in places, and thus placed Texas land on the Oklahoma side. Oklahoma has designated only one or two points where it is alleged the river has shifted north.

If the south bank of the river in 1819 is fixed as the boundary, Mr. Taylor said, the question of fixing the old bank of the stream will increase the magnitude of the suit, which will then resolve itself into a series of tangles with masses of evidence to support claims and counter claims at numerous points along the river.

The boundary between the two states has been disputed practically ever since the land was worth claiming. While Oklahoma was a territory the United States entered

suit and recovered Greer county from Texas on the grounds that the south branch of the river, instead of the north branch, was the boundary and that all the land in the forks of the river belonged to Oklahoma. But the dispute between the two states was held to local proportions until the discovery of oil on the Texas side in Wichita county. Then in November, 1919, Oklahoma claimed lands between the bluff and the edge of the river on the Texas side under the allegation that the river had shifted from the bluffs northward since the treaty was signed, and from this suit grew the one involving the whole boundary.

Practically all the land involved is held under the titles issued either by Texas or Oklahoma. If jurisdiction over lands is changed, these titles will become void, it is said, and the property subject to resale by the state acquiring it, unless provisions are made to the contrary in the settlement of the suit.

The first hearing of this case before the supreme court is set for November 15, when the question of whether the decision in the Greer county case shall apply in this suit will be submitted.

BALL PLAYER WINS GAMES AFTER AIR RIDE

LITTLE RIVER, Kans., Aug. 27.—Airplane transportation was resorted to recently to save the day for the Little River baseball team. The Little River had engaged a player from Beloit to pitch against Lyons at an American Legion carnival here.

Several hours before the game was scheduled to start the Beloit pitcher wired that he would be unable to come as heavy rains had made travel impossible. A hurried telephone call was made for another pitcher who lives at Florence. He

MALARIA AND AGUE BROKEN UP IN THREE DAYS

Swamp Chill and Fever Tonic Brings Relief to Thousands

Don't keep on suffering from those awful chills—that horrible, shivering and shaking—that burning fever. Go to your drugstore or general store this very day and get a bottle of Swamp Chill and Fever Tonic—the famous, never-failing remedy that's been relieving the suffering for years and years.

For the small sum of 60 cents you get a sure-shot remedy that quickly drives out all the malaria—and drives it away to stay! That's why so many leading physicians prescribe Swamp Chill Tonic as the best malaria remedy there is.

Swamp Chill Tonic contains no calomel. It is tasteless, easy to take, and has no unpleasant after-effects. No purgative has to be taken with it—the medicine itself acts gently and agreeably upon the liver and bowels. Get well immediately, by getting a bottle of Swamp Chill Tonic today.

was engaged and an airplane was sent from here. The round trip of 140 miles was made in two hours and the Florence player arrived in time to start the game on schedule.

It was his first ride in the air but he held the Lyons team to one run and Little River won the game.

AIR BOARD FOR CHICAGO IS FORMED

By News Special Service  
CHICAGO, Aug. 27.—The air board of Chicago is now forming for action. Alderman Guy Guernsey told the Chicago chapter of the

American association of engineers. The board is composed of representatives of every organization in the city sufficiently interested in name an active committee of five members. Alderman Guernsey spoke in behalf of a municipal landing field. He urged that Chicago make itself the American center of aviation as it is now the railroad center of the country.

The Banyak tribesman or Burma will not marry unless ordered to do so.

The Athenian day began at sunset.

## LINDSEY TALKS TO BAR ASSN.

Tells Them How to Obtain Justice With Little Cost.

ST. LOUIS, Mo., Aug. 27.—Judge Ben B. Lindsey of the Denver Juvenile court addressed the American Bar association here today on obtaining "justice for parents and child without cost." He urged the extension of juvenile court procedure such as has been authorized in Colorado.

"I plead," Judge Lindsey said, "for a specified institution in every city, operating principally under the powers of civil and chancery courts in cooperation with various agencies, to handle, not only the problems of parent and child, but a class of adults—mostly poor people—who might be treated very much as we treat children.

"In our work for a surer, simpler and less expensive justice for parent and child, we have found many justifications for such a tribunal.

"It does not call for any new principles of law, but rather a broader and simpler appreciation of those already long established so as to better meet new demands and human needs growing out of a changing world.

"While such a specialized institution must be based primarily in the chancery procedure, it may also be aided by the addition of a limited criminal procedure.

"This is precisely what we have done in a measure in my own experience. For while the court over which I have presided in my own city of Denver, for twenty years, is known as a place of dealing with lawless children, the problems of dependency, domestic or family relations in controversies not only between parents, but adults, concerning their relations to children, have for twenty years occupied the largest part of its work.

"In practice, in these cases there are no costs, no matter what the controversy may be. This applies to every case, except under an old statute, a small fee is still paid in adoption cases.

"The methods are the usual ones of these courts, by an informal conference about the table in a sort of clinic of human adjustment.

"One of the great difficulties of the criminal law is that we deal merely with the things that people do—not the people. We expect the same rule or penalty to fit every case. Instead of producing so-called equal and exact justice, it often produces just the contrary results. There are many cases of acts or conduct of individuals that might be defined as crime that can be handled much better in a chancery procedure to do justice than in a criminal procedure to impose punishment.

"We have in Colorado as to certain crimes extended a chancery procedure to adults. It is the first state, so far as I know, to make such an innovation.

"One secret of the success of these informal courts, to my mind, is the fact that in the very great majority of these cases, the whole purpose is to understand the people—to help them and not to hurt them—and by kindly appeal to point out the mistakes of all and the good in all."

## FORD TAKES OVER HARVEY UNIVERSAL

Gets in Charge of One of Largest Oil Corporations in This Field.

A deal has been perfected where, as, Bob Ford is the sole owner of one of the largest and best regulated oil companies in the Steadman field.

The Harvey-Universal people were formerly on the land owned by Mr. Ford and turned over the entire lease and rigs when the deal was made. This deal included several producing wells in sections 17 and 21.

Mr. Ford stated this afternoon that he was planning to reorganize and adjust the affairs of this concern, later forming a new company for the purpose of furthering the development of this field. The field is fast becoming noted over the state for prospective sure developments and many people are coming in here from the leading fields over the country.

Arthur S. King of Electra, Texas, is in this field and leasing all available lands in and near Ada and will begin drilling operations sometime in the near future. Ada and Pottawatomie county have the assurance of being an oil field. The "pay grease" is here. The land for derricks is here. All that is needed is a few red-blooded men who are game enough to do drilling in this proven territory.

There are quite a few rigs and men in the field at this date, but it is very essential that all people lend their assistance in the development work and the time will eventually come when the little Double-A city will be the scene of an oil excitement.

## AS TO ORIGIN OF WOMAN

After the Biblical Story, Belief Held by Persians is Easily the Most Poetical.

A magazine writer consumes considerable space in trying to prove that it is wrong to teach that woman was made from Adam's rib. He says the proposition is ridiculous, and while it may have been well enough to teach it in the dim and distant past, we ought to be ashamed of ourselves for sticking to the "superstition."

If our own idea or belief of the origin of woman is a superstition, then it is quite as good a superstition as other people have, says the Columbus Dispatch. For ours is not the only theory of the origin of woman. Many other people have many other theories or superstitions.

The Australian natives believe that woman was once a toad—and that isn't very nice. If it is true, however, it shows what a wonderful creature the toad was transformed into and we can rejoice thereat. Then the Laplanders believe that woman was once a rabbit, and since a rabbit is more likable than a toad, we prefer the Lapland superstition to the Australian.

The Japanese believe that woman grew upon a tree—and that is getting along still better. The feathery blossoms of the trees, with their color and their perfume, seem more nearly approaching the realm of womanhood than do rabbits or toads.

But if ever we are compelled to give up our idea that woman was made from the rib of man, we are going to accept the Persian theory. That is by all odds the prettiest one, and the one we could more easily believe than any other. The Persians assert that woman fell from heaven.

## LEAVE WORRIES AT OFFICE

Men Who Deal Successfully With Big Problems Know When to Forget All About Them.

"When I leave my office at night," said a man who has made a reputation for dealing successfully with big problems, according to the New Success, "I take no business worries with me, because I want to come back in the morning at the top of my condition, capable of doing the biggest day's work that is possible for me.

"If I were to worry over things at night, if I didn't get recreation and rest, I couldn't do a man's work; I couldn't tackle big propositions.

"No man can take his troubles to bed with him and lie awake thinking of them when he should be getting refreshing sleep to re-enforce him to handle big things the next day. Buoyancy, enthusiasm, mental harmony, are the very essence of efficiency, of creative ability; and worry destroys all of these, so I absolutely refuse to worry in any circumstances.

"I won't waste my energy and my creative power lying awake nights worrying over things. I know that I can deal efficiently with them next day, and not till then. Now this is what all men of large vision and practical horsepower do. They don't drag harassing problems home with them after the day's work is done; they lock them in their place of business. Over the door of their home is written in mental characters:

"No worrying here. This is my refreshing station, my repair shop. This is where I equip myself for the next day's run. This is where I renew my spirit, my enthusiasm, my zest. Here is where I brace up my sagging ambition and get ready for tomorrow's run."

## Summers Chapel.

A nice rain fell Friday night which was much help to the late gardens.

Quite a number of this place have been attending the Holliness meeting at Bebee. Also, some have been attending the meeting at Galey.

Rev. J. S. Bond and family of Ada, visited Saturday night and Sunday in this community. He preached two sermons at Galey Sunday.

J. S. Stone is visiting his parents at Heber Springs, Ark., this week. R. W. Jones of Rosedale, Okla., visited in this part Saturday and Sunday.

Most all of the young folks of this place attended the ball game Friday evening at Marwell, which was played between Galey and Marwell. The game was in Maxwell's favor. Marwell will play Center, on Center's grounds Friday next.

Lee Wansor of Ada spent last Sunday in this part.

Farmer Jones and family of Amarilla, Texas, are visiting relatives in this community this week. Mr. and Mrs. J. A. Pannell attended an all day singing at Hart last Sunday.

Vald Burnes went to Ada Wednesday of last week and bought a new buggy.—A. Reader.

## MEXICAN TROOPS SURROUND BANDIT PEDRO SAMORA

By the Associated Press. WASHINGTON, Aug. 26.—Pedro Samora, the Mexican bandit, who kidnapped a number of Americans and a British subject at the mining camp of Cuale and his band are reported surrounded by 3,000 Mexican troops, according to advices to the state department today from the American consul.

The chemical process of linseed closely approaches that of milk.

Velvet masks were much worn by ladies of the court of Queen Elizabeth.

## HAD A RIDE WITH THE PRESIDENT

Left to right: "Marky" Mensch, "Micky" Deegan and "Tilly" Falcone.

The three proudest boys in the city of Washington today are "Marky" Mensch, son of an Austrian grocer; "Micky" Deegan, son of an Irish taxi driver, and "Tilly" Falcone, son of an Italian barber. While these boys were playing in the road the other day President Wilson came along in his Pierce-Arrow and asked them if they didn't want a ride. Of course they did. They were dressed as shown in the picture.

## LEGAL BODY WANTS LAW AID BUREAUS

By the Associated Press.

ST. LOUIS, Aug. 27.—There is a demand in all the great cities of the United States for the establishment of municipal legal aid bureaus, Earnest L. Tustin of Philadelphia told the American Bar association at its annual convention here today. Mr. Tustin is director of public works in Philadelphia.

He said the purpose of such a bureau or department would be to enable the poor to obtain justice and the foreigner to be relieved from imposition, to establish a place where the weak, helpless and ignorant would have their wrongs righted.

"The development of a virile legal aid association within our great municipalities is a question of vital concern to every patriotic citizen," declared Mr. Tustin. "The need has become imperative and its creation and careful development should be undertaken in all of our large cities."

"In the past our best authorities have agreed that social injustice is responsible for the creation of more radical enemies to our government than any other cause.

"The mayor of one of our largest cities, who has had great experience, has stated within a few weeks that trifling misunderstandings concerning municipal and social justice is responsible for 90 per cent of the extreme radicalism in the country.

"Immigration in the future will come largely from eastern European countries and the opportunity for imposition and unlawful practices will be much increased.

"Despite the excellent arguments advanced we believe that legal aid should be made a municipal function rather than connected with the administration of our courts. The tendency in many communities to impose extra judicial duties upon our judges has not only resulted in a distinct lowering of the judicial dignity, but also in many cases has interfered with the ability of our judges to render prompt, correct and impartial decisions upon legal questions.

"The duty of the municipality, on the other hand, to conduct a legal aid bureau is just as much a civic duty as cleaning streets and providing water. A bureau to investigate and defend impositions upon the poor and the ignorant and to furnish a proper and rational defense for men, women and children without means is just as much an obligation as to fill the office of district attorney for the prosecution of crimes, or to provide a solicitor to enforce health mandates and building restrictions."

Owing to the large number of first offenders in crime, Mr. Tustin said, "there is a great need of a public defender in all our large municipalities." He foresaw, how-

ever, that it would be many years before this office would be generally adopted and said that until this was done, duties of the office should be performed by a municipal aid bureau.

Local bar associations should take on the burden of cultivating public sentiment so as to prevent the legal aid bureaus from becoming tainted with political partisanship and should appoint a committee to advise and co-operate with the legal aid bureaus. Such a bureau, he said, has been authorized in Philadelphia.

## SAY WORKING GIRLS WEAR SILK STOCKINGS

CHICAGO.—Desirous of learning what a working girl does, eats and wears, Mildred Affleck, 17, daughter of a Chicago millionaire, worked at a big mail order house here for two weeks.

She carried her own lunch and wore cotton stockings so the working girls wouldn't suspect her. "I made a mistake," she admitted today. "Working girls don't bring their lunch any more and they don't wear cotton stockings." Miss Affleck said they wear silk stockings and lingerie now.

"I did it as an experiment. They seemed satisfied and are very gen-

## FRECKLES

Now Is the Time to Get Rid of These Ugly Freckles.

There's no longer the slightest need of felling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any drug-gist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles. adv

For BETTER QUALITY and SERVICE give us your next order. Three phones—Call 402.

## Whom Does Advertising Pay?

Advertising first of all pays you. There are many, many items bound up in your daily life—that go to make your way more comfortable, safe and convenient—which advertising has made easily available at moderate cost.

Because thousands on thousands of housewives ask for a certain article by the same name, which they have read in the same advertisements, it is possible for the advertiser to sell this item at a minimum of effort.

It is therefore possible to distribute it at a saving in which the buyer shares with the advertiser.

Many things you now enjoy as a matter of course would never have been available for your comfort at reasonable prices had not advertising made it possible to distribute them economically.

When you figure the number of these items in your daily life built by advertising, you can appreciate that advertising does pay you.

## Society

**The Little Attic of Dreams.**  
From moonrise unto moonset  
I leave this world behind,  
And steal into labyrinth  
And chambers of my mind.

Down long, dim corridors I pass,  
Through arches and through  
rooms,  
By temples and by lonely lakes,  
Past gardens and past tombs.

By sunny marble terraces,  
By lilted pools of sleep,  
By glades all full of bird song  
Or wrapped in silence deep.

And up a crumbling, shaded stair,  
Where roses bloom and fade,  
Into a tiny attic room,  
Where broken dreams are laid.

Each night I come quite silently;  
Each night I softly go  
And kiss each timid little thought  
That none will ever know.

From moonrise unto moonset  
I steal away to find  
Those little, old, dead dreams that  
lie

In the attic of my mind.  
—Vivienne Dayrell in the Poetry  
Review (London.)

### Friday-Ada

We came almost being short an  
ice man today.

Yesterday afternoon, a good looking  
girl started to back her car  
out of the place where it was parked,  
and she was more interested  
in talking to a girl friend in the  
car about Friday's dance than  
where she was driving her car.

There was an icewagon in back  
of the car, and the iceman was  
more interested in looking at  
the two good-looking girls, than he  
was in where the car was going,  
and before he knew it, he found him-  
self pinned between the car and  
his ice wagon.

Another girl on the sidewalk re-  
minded the two good looking girls  
that there was something in back  
of them, and then they released  
the poor fellow.

But the ice man didn't act like  
he was bothered a bit—in fact, he  
looked as if he wanted them to run  
into him again.

### Announcement.

The announcement of the ap-  
proaching marriage of Miss Callie  
Brown, daughter of Mr. and Mrs.  
J. W. Brown, to Mr. Whitman  
Fentem was made informally Wed-  
nesday afternoon to a few friends  
by Mrs. Brown at their home on  
South Townsend.

From the table of bridge, beau-  
tifully cards foretold the happy  
event. This was the first of a se-  
ries of parties to be given for the  
bride-to-be.

Those present were Mrs. A. L.  
Fentem, Mrs. R. W. Simpson, Mrs.  
Harmon Ebey, Mrs. Austin Brown,  
Mrs. Ben Tolbert, Mrs. Orel Busby,  
Mrs. Paul Payne, Mrs. Ralph R.  
McCain, Mrs. Ben McKinley, Mrs.  
I. L. Cummings, Misses Kellar, Eu-  
nice Bills, Mildred Miller, Lillian  
Faust, Sibyl Harwell, Annie Carroll  
Simpson, and Gladys Wilkinson of  
Denison, Texas, house guest of  
Evelyn Brown.

### Personal Mention

J. E. Smith of Hatfield, Ark.,  
is visiting his nephew, Hicks Smith.

Mr. and Mrs. H. P. Donley left  
yesterday afternoon for a trip to  
Oklahoma City.

Mrs. J. W. Saterpoint of Sul-  
phur Springs, Texas, is visiting re-  
latives in the city.

Mrs. John McKinney is leaving  
today for McAlester to visit her  
father, A. F. Cowling, who is very  
sick.

Mr. and Mrs. George Harrison  
left this morning for Enid on ac-  
count of the death of the latter's  
sister.

F. W. Chambers returned this  
morning from Sulphur where he  
has been drinking (Sulphur water)  
and enjoying life in general.

Mr. and Mrs. J. C. Adams of  
Lynchburg, Va., arrived in Ada  
yesterday to pay a week's visit  
with the former's nephews, R. S.  
and V. A. Newcomb of East 10th  
street.

Misses Lula and Nova McKinney  
are having their pupils at Oakman  
prepare some school exhibits for  
the township fair to be held at Francis.  
The two young ladies left this  
morning for their school.

Bryson Nicks, formerly of the  
S. A. T. C. here, passed through  
the city today enroute to his home  
in Wetumka. Last year he attended  
the Oklahoma University and this  
summer he has been working at  
Konawa. He will work at home for  
the present.

## Church News

Rev. R. C. Taylor Back.  
Rev. R. C. Taylor and family  
have returned from their vacation  
in Medicine Park. From their re-  
port they evidently had a most en-  
joyable outing.

Reverend Taylor will fill his  
regular pulpit at the Methodist  
church at both morning and eve-  
ning services next Sunday.

Arabian horses can run for many  
hours without drinking.

## Local Pythians Reorganize the K. P. Order in Ada

A reorganization of Magnolia  
Lodge No. 143 of the Knights of  
Pythias was effected last night by  
about fifteen members of the frater-  
nity who assembled for that pur-  
pose at the city hall. L. A. West-  
lake of Blackwell, who is one of  
the leading Pythians of the state,  
was present and assisted in the  
work of reorganizing.

At the meeting last night the  
following officers were elected: J.  
W. Westbrook, D. G. C.; F. L.  
Finley, C. C.; Walter D. Kennedy,  
V. C.; R. E. Faunt Le Roy, Pre-  
late; Orville Snead, K. of R. & S.;  
L. A. Ellison, M. E.; W. C. Lee, M.  
F.; L. J. Crowder, M. W.; Felix  
Grayson, O. G.; J. R. Duncan, I.  
G.; J. D. McKoy, M. A.; Gale Stat-  
ler, A. H. Constant and S. M.  
Shaw, Trustees.

This order formerly had a live  
organization in Ada, but it has  
been permitted to run down in re-  
cent years. The present members  
are determined to build up the  
lodge and give it a high rank  
among the fraternal orders of Ada,  
and to that end are making spe-  
cial efforts to line up all members  
who may be living in this section  
and to secure all new members  
possible.

Hugh Stokes of Allen is a visitor  
in the city today.

Marvin Cassidy left this after-  
noon for Denison on business.

C. C. Stout of the Waples Platter  
Grocery company, left today to at-  
tend business matters in Denison.

Mrs. R. J. Kenton, Mrs. R. B.  
Chaffin and Robert and Alberta  
Chaffin left this afternoon for Mc-  
Kinney, Texas. At that place they  
will take part in a family reunion.

Mrs. Mary Seeks has placed her  
four younger children in the Ba-  
ptist orphan's home in Oklahoma  
City. The oldest daughter, Hazel,  
will make her home with Rev. C.  
C. Morris and wife.

## At the Ada Playhouses

### McSwain.

"The Rivers End," a story of  
the great north will be told in pic-  
tures tonight at the McSwain thea-  
ter. The story was written by  
James Oliver Curwood. Also show-  
ing Prof. Moreau, the man of mys-  
tery and "Electricia," the girl  
who tames electricity.

Pictures, vaudeville and music.

### American

"Miss Hobbs," is showing again  
today at the American theater. This  
picture pleased large crowds yester-  
day and will please quite a few  
more today. "Miss Hobbs" respi-  
red the men.

Probably there were lots of them  
who hate the men, but Miss Hobbs  
foiled the ordinary. Orchestra  
plays this picture.

## Carmeliny's Colonial Band Concert on the Chautauqua Program

Yesterday afternoon and evening  
Carmeliny's old colonial band en-  
tertained those who attended the  
Chautauqua that is going on at the  
present time. The music of this  
organization will be the only band  
music to be rendered during the  
series of entertainments.

The music of Carmeliny and his  
players was a real delight to those  
who heard it. Various kinds of  
selections were rendered ranging  
from familiar airs to the most dif-  
ficult pieces. They were kind  
enough to play enough of the for-  
mer kind to make the music really  
appreciated by the audience. These  
old melodies, however, were no  
discredit to the taste of the players  
or hearers. Indeed the playing of  
"Old Folks at Home" and "Dixie"  
rarely ever failed to get a response  
in any audience.

The players were warmly applau-  
ded throughout the program. All  
present were pleased with the har-  
mony that filled the tent for more  
than an hour and a half.

## News Food Bureau

**Requested Recipes.**  
Please give me some good ways  
to use cowpeas.

**Baked Cowpeas and Cheese**  
1 tablespoon butter.  
1 tablespoon finely chopped onion.  
2 cups cooked cowpeas.  
1 tablespoon finely chopped  
sweet green pepper.

Press the peas through a sieve to  
remove skins, and mix with cheese.  
Cook onion and pepper in butter, be-  
ing careful not to brown, and add  
to the cowpeas and cheese. Form  
mixture into a roll, place on a  
buttered earthenware dish and cook  
in a moderate oven until brown.  
Serve hot or cold as a substitute  
for meat.

**Green Peppers Stuffed With Cow-  
peas.**  
Cut sweet green peppers into two  
pieces lengthwise, remove seeds and  
fill each piece with the cowpeas  
and cheese mixture given above.  
Place in a dish containing a small  
amount of butter and water. Bake  
in a moderate oven until peppers  
are soft. Baste occasionally.

ing the return trip with their grand-  
mother.

## Market Here Is Filled With Home Staples

Although many vegetables are  
being shipped in from other states,  
the markets yesterday had a good  
showing of home grown staples,  
like tomatoes, egg plant, lima  
beans, black eyed peas, cucumbers,  
green peppers and rhubarb.

Most popular of the home grown  
things appears to be the luscious  
tomato at 10 cents a pound. They  
have been the leading salad vege-  
table sold during the last few  
weeks, the grocer said, because  
head lettuce, that other prime salad  
favorite, has been scarce and of  
inferior quality.

However, in a new shipment yes-  
terday there were fine firm heads  
of lettuce. The retail price was 15  
and 20 cents.

Watermelons have advanced in  
price. Three cents a pound makes a  
four forty-pounder cost \$1.20. But  
it's worth it, said the grocer, for  
the big ones are of fine quality  
now.

Jonathan apples from the home  
orchards are on the market now.  
They are not so perfect in shape  
or color as those from the north-  
west, but are of excellent quality.

Home grown grapes sell well,  
grocers say, but are rather inferior  
in quality. The bunches are not  
well filled out and have not ripen-  
ed evenly.

Peaches, pears, eating apples and  
fancy grapes are all imported from  
other states.

## WALT MASON

The Great Philosopher's Daily  
Rhyme.

### Joachim

A prince of stately pedigree,  
whose medals were a sight to see,  
observed with weariness and pain  
how at his house the world's dis-  
dain was leveled, and he cried:  
"Shooost vait! My noble name I'll  
vindicate! I'll show men that the  
kaiser's sons are not all sons of  
guns. I've had in mind, for quiet  
a time, some action splendid and  
sublime, our reputation to retrieve,  
and knocking enemies to peeve.  
Now, watch my curves! Observe  
my foam! Good night, puk world,  
I'm going home!" And then he took  
his trusty gat and shot himself  
below the hat! And when I heard  
the ghastly news I had long regard-  
ed Jo as one too fond of empty  
show, who traveled with base, trif-  
fling chaps, and spent his evenings  
shooting craps. I could not see that  
in him dwelt one virtue worth a  
tomcat's pelt. I often held him up  
to scorn as showing that the nobly  
born are worse than useless if they  
lack a spinal column down the back.  
But now by one great splendid act,  
but one sublime display of tact, this  
prince has shown where I was  
wrong; he had one virtue, true and  
strong. Convinced he'd never make  
a hit, he knew when it was time  
to quit.

We are guaranteeing to cure any  
case of catarrh with Mexican  
Catarrh Jelly. \$3.50 worth is re-  
quired to cure the most serious  
case. Ask about Mexican Medicine  
company of Ada. Phone 307 or  
address P. O. Box 816. 8-27-2td

# SUGAR SHORTAGE IS BIG DRAWBACK

People Should Can Fruit Without Sugar Until Winter.

WASHINGTON, Aug. 27.—It will be wisdom on the part of housekeepers to can the usual amount of fruits and vegetables this year, even if part or all of the fruit must be canned without sugar, according to a statement issued by the United States department of agriculture.

From all present indications, sugar will be more abundant next winter, when the fruit will be used on the table, the department says. There will apparently be an increased acreage of both cane and beet sugar this year in the United States, Cuba and in other countries in the northern hemisphere. The rise in the price of sugar has encouraged increased plantings of cane and beets.

## No Shortage in Domestic Supplies

In spite of a world shortage of sugar and a decrease of 400,000,000 pounds in domestic production, there has been used or hoarded during the current year in the United States 15 per cent more sugar than in former years. In fact, a greater supply of sugar than ever before has been handled in this country during the past few months, with net imports 25 per cent, or over 1,000,000,000 pounds, greater than in any previous period. It is obvious, therefore, that there has been no actual sugar shortage here this year. The difficulties encountered have arisen from the inability of the consumer to secure his share of the supply. Unless enormously increased amounts have been consumed, the trouble must be laid to hoarding, and it is very evident that large quantities are being held for future use both by housewives and commercial concerns.

During the past 50 years the consumption of sugar in the United States has steadily increased, at an average annual rate of one pound a year, until in the last few years the average yearly per capita consumption for all purposes is between 85 and 90 pounds. This compares with a per capita consumption of 58.0 pounds in 1899. The increased consumption of sugar by the soft-drink, candy and ice cream industries during recent years has helped raise the total average, but to what extent is not known.—The Packer.

# TOWN MARSHAL OF BOKOSHE CONVICTED

By News' Special Service: POTEAU, Aug. 27.—Bill Clark, town marshal of Bokoshe, LeFlore county, was found guilty of manslaughter by a jury in district court here last night and sentenced to 10 years in the penitentiary.

He was charged with having shot and killed Bill Thomas, a citizen of Bokoshe, in a picture show in that town early this spring. The evidence indicated that Clark entered the show looking for Frank Delaney, with whom he is said to have been having trouble. Encountering Delaney just inside the door a fist fight developed and Clark pulled his gun. The shot which he was alleged to have fired at Delaney struck Thomas, who was in the audience, killing him almost instantly.

The state demanded the death penalty, but the jury which was out an hour and a half reduced the charge to manslaughter in fixing the penalty.

Halibut have been caught at a depth of more than 250 fathoms.

# PITY THE BLIND

Grace Darmond, the movie star, is here seen in her modest bathing suit and silk tights enjoying the sun before taking a plunge.

# SHRINE TO RECEIVE 150 NOVICES TODAY

By News' Special Service: OKLAHOMA CITY, Aug. 27.—India Temple Shrine will hold its annual picnic and ceremonial session at Belle Isle, Oklahoma City, today, starting at 2.30 o'clock. The program for the afternoon and evening consists of a baseball game, a canoe race, a tug-of-war between the novices and nobles, and other sports of all kinds. Prizes will be given to the winners of the contests.

According to Leslie H. Swan, recorder of the temple, there will be 150 novices for the ceremonial. While the ceremonial is being held at the dance hall, a motion picture show will be in progress for the women and children. After the ceremonial dancing will be in order from 9 until 12 o'clock.

The next big event for the Shriners is the state fair ceremonial, which will be Friday, September 24. At this ceremonial there will be approximately 500 novices, Swan said.

# FOOLED WORLD TWENTY YEARS

Madame Humbert Pulled a Fortune Out of the Thin Air.

BOSTON, Aug. 27.—In the annals of gigantic get-rich-quick schemes, Cassie Chadwick bested Ponzi—but she had a French rival, Madame Humbert, who for strategic execution, for 20 years of a daringly simple story, must far outrank Cassie.

Madame Humbert, a French provincial, went to Paris in 1883 and announced that she had been left a fortune by an American uncle, but that it was tied up.

On the strength of this story she borrowed more than \$14,000,000 from the most cynical Parisian bankers.

## Society and Politics.

She bolstered up the story for 20 years, made a tremendous dash in Paris society and her husband and son rose high in French politics in the two decades her bubble lasted.

This cunning swindler said the fortune that her "American uncle, Robert Henry Crawford," left her, amounted to \$20,000,000 but that it was tied up in her safe by terms of the will. To open the safe, she said, would lose the fortune.

Would the bankers want her to lose fortune and position? No! She entered an orgy of borrowing.

Then, to keep her creditors at bay, she cleverly created fictitious "nephews" to contest the fortune. These two characters, thru lawyers Mme. Humbert hired, went thru one court after another for 20 years fighting her.

Finally French criminal courts ordered the safe opened.

This was done in the midst of an angry, jeering crowd. Contents: A button, a few old coins and a newspaper!

# DRAMA INSTITUTE BROUGHT TO CLOSE

By the Associated Press CHICAGO, Aug. 27.—A ten-day institute held here by the Drama League of America closes this week. The school, thought by the heads of the Drama League to be the first of its kind in the country, is being held for the purpose of promoting better plays, pageants and theatricals.

The institute is attended by dramatic teachers, school teachers and church and community workers from eighteen states. They are being shown the fine points of stage setting, costuming and lighting effects that can be obtained by a school, church or community center with little expense.

One of the features of the institute is the "unit stage" which is presented by Carroll French of South Bend, Ind. Its scenery is made of hollow gray blocks which take readily any color of light thrown upon them. With this system the scenery may be transformed quickly from mansion to hovel.

The royal library at The Hague has more than 200,000 volumes.

Callao, Peru, suffered 220 earthquake shocks in a day in 1745.

# BAPTIST SCHOOLS TO GET FUNDS

\$100,000,000 To Be Divided Among Fifty-One Schools.

NEW YORK, Aug. 27.—Fifty-one Baptist schools and colleges of the Northern Baptist Convention have received a portion of the \$100,000,000 fund being collected to cover a five-year extension program, Dr. Frank W. Padelford, executive secretary of the denomination's board of education, announced here today.

Money thus far paid out, amounting to \$159,440, represents first payments which will be followed by others until approximately \$30,000,000 has been distributed for educational purposes. Dr. Padelford said that second payments would be made before the end of the vacation period, furnishing the beneficiary institutions with funds for immediate employment.

First payments, in amounts ranging in size from \$500 to \$10,000, have been made to the following institutions.

Theological seminaries: Berkeley,

Cal.; Chicago; Crozer; Chester, Pa.; Kansas City; Newton, Mass.; Northern, Chicago, Ill.; Rochester, New York.  
Training schools: Chicago, Philadelphia, Norwegian Baptist Divinity House, Chicago, Ill.; Bethel Academy, St. Paul, Minn.; Union College of Iowa, Des Moines, Iowa; Colleges: Bates, Me.; Brown, R. I.; Bucknell, Pa.; Carleton, Minn.; Colby, Me.; Colgate, N. Y.; Denison, Grand Island, Neb.; Hillsdale, Mich.; Kalamazoo, Mich.; McMinnsville, Ore.; Ottawa, Kans.; Redlands, Cal.; Shurtleff, Ill.; Sioux Falls, S. D.; Des Moines, Iowa; William Jewell, Liberty, Mo.; Junior colleges: Broadus, Clarksburg, W. Va.; Cedar Valley, Osage, Iowa; Colorado Women's College, Denver, Colo.; Francis Shimer, Mt. Carroll, Ill.; Hardin, Mexico, Miss.; Keuka, Keuka Park, N. Y.; Rio Grand, Rio Grand, Ohio; Stephens, Columbia, Mo.  
More than 3,000 species of dahlias have been evolved and named.  
Despite its long neck, the giraffe has only seven neck vertebrae.

## EXPORTS INCREASE; IMPORTS DECREASE

Increased exports but slightly decreased imports in July as compared with June are disclosed by official foreign trade figures given out today by the bureau of foreign and domestic commerce of the department of commerce.

July exports were valued at \$654,000,000 against \$631,000,000 in June of this year, and \$569,000,000 in July of last year. Exports for the seven months period ending with July amounted to \$4,902,000,000, an increase of 6 per cent over the exports of \$4,626,000,000 in the first seven months of last year.

Imports in July were valued at \$537,000,000, compared with \$553,000,000 in June, 1920, and \$344,000,000 in July of 1919. For the seven months ended with July imports were \$3,428,000,000, an increase of 78 per cent over the imports of \$1,954,000,000 in the first seven months of 1919.

The excess of exports over imports, amounted to \$117,000,000 in July and \$1,420,000,000 in the seven months ending with July of this year, as compared with \$225,000,000 for July and \$2,672,000,000 for the seven months ending with July of last year.

## August Building Is Gaining Over July According to Report

According to the report of the city clerk, W. B. Jones, who issues all the permits for building in Ada, building at the present time is picking up very much. The totals show that permits have been issued so far in this month of August to the amount of \$60,000. During the whole month of July the totals reached only \$34,100.

During the month of June the permits totalled \$66,800, and during May a total of \$68,550 was reached.

The small amount of building during July was due no doubt to the fact of hot weather. Human beings are naturally not as anxious to work during the middle of the summer.

August for the most part has not been exceedingly hot. Whether the increase in this month is due to the weather or not, the fact remains that building is going on at a rapid stride. From now on until cold weather begins to hinder, we will witness an era of construction.

It is stated, also, that quite a number of costly residences are to be begun in the near future. It seems that most of the building is being done by people who want homes.

The queen of Spain has a telephone of solid silver with a gold transmitter.

One person out of every 50 in Mexico has been imprisoned for breaking laws.

## FARM COUNCIL CHANGES NAME

Will be Known as Oklahoma Unit of American Farm Bureau.

STILLWATER, Aug. 27.—Last night's heavy rain made the ground where the tractor show is being held very muddy today, and activity in that line of the annual farm congress and power show was somewhat reduced today. There were some additions to the crowd today and the interest was maintained to the highest point.

Relative to the Oklahoma farm council, which transacted the major part of its business yesterday, the organization decided to change its name to the Oklahoma unit of the American farm bureau. After this was decided upon there followed a lengthy discussion as to whether or not members of the new bureau desired to affiliate individually or by county units or farmers' organizations as they already were perfected.

It was finally decided to affiliate with the new bureau by organized groups. In the election of officers of the new bureau the old officers of the farm council were re-elected, and are:

George Bishop, Cordell, president; Dr. W. G. Woodward, Snyder, vice president; Dr. M. A. Beeson of the Agricultural and Mechanical college, secretary-treasurer.

Today was given over to sectional meetings of the different farmers' organizations, including the wheat growers, seed men and dairy-men.

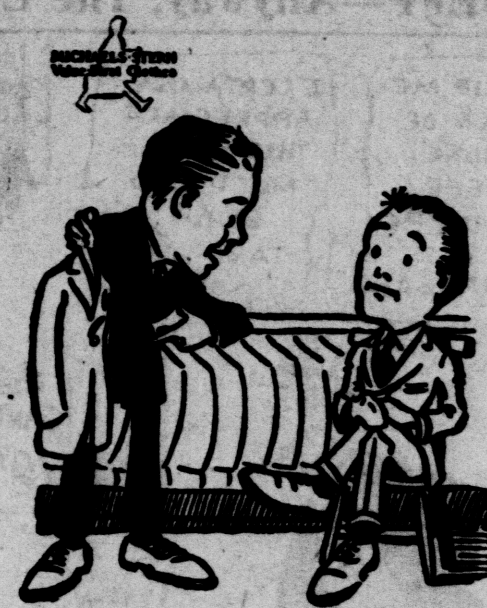

## County Fair Will Hold Automobile Display Shows

B. A. Pratt, secretary of the County Fair association, was in The News office this morning and stated that he had the plans made to arrange an automobile display with local dealers.

A large tent, 60x120, will be used and practically every make of car in this city will be on display. Quite a number of the local men have expressed their willingness to take part in this event and Mr. Pratt is confident that every one will enlist in this movement and its success will be assured.

An automobile show is something new for this section and those who are instrumental in bringing about its success will be well paid. The big county fair for Pontotoc county opens on the 15th and lasts until the 18th of September.

A normal human head contains about 80,000 hairs.

## It takes two to make a bargain

Did you ever stop to think that a bargain is not a bargain until it's bought?

Well it isn't.

And until we get together with you we are in the same position as the lady who asked the conductor of the electric train if she would receive a shock if she stepped on the rail below—and he replied—"No Ma'am, not unless you put your other foot on the wire overhead."

We have done our share—bought close—marked closer—kept our foot on the soft pedal and watched our overhead like a hawk—but with all that, we can't transform these bountiful bargains into actual bargains until you take a hand and help yourself. The values are here all right but the bargains rest with you.

**Drummond & Alderson**  
THE MAN'S STORE  
ADA'S LEADING CLOTHIERS

## Globe Store Has Complete Stock of Fall Merchandise

Among the leading general merchandise stores of Ada is the Globe store on Main street.

This store was established here last March by H. B. Wilenzick, who came here from Red Oak, Okla. Mr. Wilenzick looked over the entire state for a location and had many offers of apparently good business houses, but decided Ada was the best, as this city afforded good schools and is an ideal place for living.

Mr. Wilenzick has one of the most complete lines of goods in this city and has made many friends by selling honest goods at the same prices as advertised. This policy is strictly carried out and the success of this store is attributed to this fact. Mr. Wilenzick is assisted in the

store by his son, S. A. Wilenzick, who has just returned from school. The store has prospered and its owners are well satisfied with the business and more so with the city of Ada.

## How It Started

### Old Shoes at a Wedding.

The custom of throwing old shoes is so old that its origin is lost. Some think it is a survival of the prehistoric method of courting by violence—"cave man stuff." Others see in it a reminiscence of the old Hebrew custom of indicating the superiority and domination of the husband by touching the bride with his shoe. Modern maids will do well to consider this significance if they are pursued by showers of outworn footwear at their own weddings.

## Women Should Take Warning.

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

## Man From Missouri Pleads Guilty to Stealing Horse

Charged with horse stealing Walter Hagen appeared this morning for arraignment in Judge Brown's court and entered his plea of guilty. He was bound over to district court and his bond fixed at \$1,000. In default of bond he was remanded to the county jail. Hagen is charged with stealing a horse from John Mahan of the

Maxwell community about two weeks ago. He has been in Pontotoc county only a few weeks and claims to be from Missouri.
